Mid Minnesota Federal Credit Union

Anissa's Career Path

Anissa Klein // Financial Services Coordinator

"Don't ever give up. Believe in yourself! Work hard for what you want, learn all you can in the position you're in, be the expert/go to person and help others along the way. Once you feel you have mastered that position, you're currently in, find that next step for opportunity, work hard and push yourself towards those new challenges. Remember, believe in yourself, you can do anything you put your mind to!"

ANISSA'S CAREER PATH TIMELINE

● Yellow indicates promotions. ● Black indicates position applied for, but did not get.

I loved helping people, and was looking for a job where I could focus on that as well as find a company where I would have the opportunity to grow and Mid Minnesota fit that.

I loved the interaction with our members and being able to help with their banking needs. Having more responsibility and learning about other duties as a Vault Teller, allowed me to be there for the tellers.

I was always looking for an opportunity to grow and gain more knowledge within the Credit Union. As an MSS, it gave me the opportunity to get to know the members and learn more about them, and help with more in depth financial needs that they had.

Once you start working on something, don't be afraid of failure or the fact that you feel like that position or role might not be the right fit. I was okay taking a step back and working through what path I truly wanted going forward.

I really liked having more responsibilities and duties in this position. Being able to help coach the teller staff, having more responsibility in helping provide great service.

Branch Manager

August 2018

July 2020

Financial Services Coordinator

I love that I get to know the members on an even more personal level. I get to hear about their interests, family and hobbies. Just being able to spend more time with them to really dig in and help with their financial journey for now and the future, is very rewarding.

When I didn't get this position, I was given great advice and a plan of things to work on for the future if this was truly my calling. A short time after applying, I knew that it wasn't the right fit for me at the time. I was ready to work hard and knew my path would take me where my heart truly was ready to move onto.

July 2016

Consumer Lending Admin Rep

I believe things happen for a reason, whether that means I just wasn't ready at that time to move into that kind of a role or that there was something else that was meant more for me. Things work out like they are supposed to and I was sure that something would lead me in the direction I was meant to go.
