

First Time User Registration

In order to keep your information secure and safe all members, including members that have already registered and used Mid-Minnesota Federal Credit Union previous Online Banking (PC Teller), will need to register.

Step 1

Go to www.mmfcu.org

Click on the "Online Banking" link at the top of the screen. Then click the "Register" button.

Step 2

In order to proceed you must agree to the Mid-Minnesota Federal Credit Union's Online and Mobile Banking agreement. To read the agreement, simply place your mouse over the agreement and scroll down.

To agree, click on the "I Agree" checkbox then click "Continue".

Step 3

Confirm your identity by entering your personal information in the appropriate fields. Double check to make sure your information is correct. If you are getting an error message it means the information you entered does not match our records. In order to correct this you must call (218) 829-0371 or [your local branch](#).

When finished click "Continue".

Step 4

Select your User Name. It must be between 6 and 30 characters.

Click "Check Availability" to find out if your User Name is available.

Step 5

For security reasons, a temporary password will be sent to you via email or text message to an address or device that has been previously linked to your account. Select the method you would like your temporary password sent to. Check to make sure the email address or phone number is correct.

When finished click "Continue".

In order to complete the next step you will need to retrieve the "temporary password" sent to you.

Step 6

Enter the "Temporary Password".

Click "Login".

Step 7

Create a new password. Your password needs to be a minimum of 8 characters and needs to include at least one upper case letter, one lower case letter, one number and a special character.

Confirm your password and then click "Continue".

Step 8

To help protect your accounts, select and answer each of the 5 security questions. You will be asked two of these questions each time you login from an unknown or unauthenticated computer or device and when making changes to your account online. To avoid answering these questions each time you login, authenticate your computer or device.

When finished click "Continue".

Step 9

Select or upload a confidence image. Next to the confidence image, type in a unique image secret.

The confidence image and image secret will display every time you login to ensure that you are accessing the official Mid-Minnesota Federal Credit Union Online Banking site before entering your password.

When finished click "Continue".

Step 10

Confirm your email address and phone number. Select your time zone.

When finished click "Continue".

The final step is to click "View Accounts". Now you can manage your accounts online! Completing your personal profile and customizing your settings can be done at any time.
