

MIDMINNESOTA
FEDERAL CREDIT UNION

PO Box 2907 | Baxter, MN 56425 | (218) 829-0371 | mmfcu.org

Federally insured by NCUA. Equal Housing Lender.

Wiring Instructions for Incoming Wires

To receive a wire, please give the sending financial institution for following information:

1. Mid Minnesota Federal Credit Union Routing Number – 291973360
2. The account number to deposit the funds when received.

All incoming wires must match the account holders name and account number. Any incoming wires with account name or number not matching MMFCU account holders will be returned to the sender.

The wiring instructions are the same for International wires. MMFCU does not have a swift code, so if that is being requested, the wire may need to be routed through a larger financial institution such as US Bank, Wells Fargo, etc and then onto MMFCU.
